

Procedure & Appointment Cancellation Policy

In the event that your appointment for an office visit or procedure needs to be cancelled, please notify your provider's office as soon as possible. This will allow us to provide timely care to other patients.

Failure to notify us at least 24 hours prior to your scheduled appointment may result in a fee of \$25.00 for office visit cancellations and \$75.00 for procedure cancellations. This charge is the responsibility of the patient and cannot be billed to your insurance company.

A patient who misses three appointments without notifying us (no call, no show) may be dismissed from our practice and will need to seek medical care elsewhere.
